GEN. 3 SEALING DISKS

PRODUCT MANUAL

English

Product Name: Gen. 3 Sealing Disks

Material: Medical Grade Silicone

Product Description:

The Haakaa Silicone Bottle Sealing Disk transforms your Gen. 3 Silicone Bottles into the perfect container for storing breast milk, liquids and snacks, or for taking food on the go! They're completely airtight, keeping food fresh and preserving the beneficial properties of breast milk that are so important for our growing little ones.

Features:

- Made of premium medical grade silicone.
- Compatible with all Gen. 3 bottles.
- Twist-tight and leakproof.
- Perfect for storing breast milk, as well as food and liquids.
- Protects contents against airborne nasties.
- BPA, PVC and phthalate-free.

Cleaning and Care:

Clean after each use. We strongly recommend cleaning and sterilising this product with any steam sterilising system or by boiling in water for 2-3 minutes. Do not use any bleach-based agents or sterilising tablets to clean this product. Do not use UV sterilisers to clean this product as it may impact the lifespan of your sealing disks.

Assembly Instructions

1 Push sealing disk through the attachment ring.

2 Screw the attachment ring onto the storage container.

3 Containers can be filled with milk, other liquids or food.

Caution:

- Check product condition regularly. Replace if this product shows any signs of damage.
- Do not store near any sharp objects.
- Only soft bristle brushes or soft sponges should be used to clean this product. Hard scourers may scratch the surface.
- This product is not a toy. Do not use this product for anything other than its intended use.
- Store product in a cool dry place and avoid direct sunlight.
- Adult supervision is required.
