STAINLESS STEEL THERMAL FLASK

PRODUCT MANUAL English

Product Name: Stainless Steel Thermal Flask

Materials: Stainless Steel, Food Grade Silicone, PP, ABS

Volume: 26 oz./750ml

Dimensions: 8.3 x 7.8 x 27.3 cm

Colours: Black/Coral/Sand

Product Description:

Haakaa's Stainless Steel Thermal Flask is lightweight and convenient for you to stay hydrated on-the-go! The snap-lock safety cap prevents accidental spills, while the food-grade stainless steel keeps your drink hotter or colder for longer.

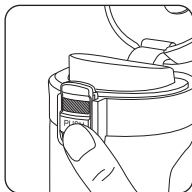

Features:

- Thermal Flask made with durable, lightweight stainless steel.
- Keeps liquids cold for up to 7 hours and hot for up to 8 hours!
- Safety snap-lock lid prevents accidental spills.
- BPA, PVC and phthalate-free.

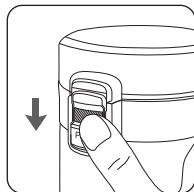

Instructions:

- 1 To unlock the lid, push the snap-lock upwards.

- 2 Press the button to open the lid.

- 3 To close and lock the flask, push the lid down and slide the snap-lock down.

Cleaning and Care:

Clean after each use. Disassemble before cleaning. Although dishwasher safe, we recommend hand washing your flask with warm soapy water and rinsing thoroughly. **DO NOT MICROWAVE.** Do not use bleach-based cleaners or tablets to sterilise or clean your Haakaa products. Do not boil the flask.

Caution:

Check product condition regularly. Replace if product shows any damage. Only soft bristle brushes or soft sponges should be used on this product. Hard scourers may scratch the surface. This product contains stainless steel parts, do not microwave. Unscrew the lid before filling with any liquid and ensure it is firmly screwed back on before drinking. It is safest to pour hot liquids into a separate drinking cup and leave them to stand before consuming, as they may scald the user. Do not fill with boiling liquid. For adult use only, keep out of reach of children.
