Cleaning and Care:

Before first use, clean the product then place in boiling water for 5 minutes to sterilise. Wash before and after use. Although dishwasher safe, we recommend disassembling this product and washing in warm soapy water, then rinsing. Only soft bristle brushes or soft sponges should be used to clean this product, as hard scourers may scratch the surface. Do not use any bleach-based cleaners or tablets to sterilise or clean this product. To sterilise, use a steam steriliser or boil in water for 2-3 minutes. Store product in a cool, dry place and avoid direct sunlight.

Caution:

For your child's safety and health

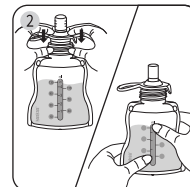

WARNING!

- Continuous and prolonged sucking of fluids may cause tooth decay.
- Check product condition regularly. Throw away at the first signs of damage or weakness.
- Keep components not in use out of the reach of children.
- For your child's safety, never attach product to cords, ribbons, laces or loose parts of clothing, as it can become wrapped around their neck.
- Do not store near any sharp objects.
- This product is not a toy. Do not use this product for anything other than its intended use.
- Adult supervision is required.
- Always remove sippy spout and lid when microwave heating.
- Take extra care when microwave heating; localised overheating can occur. Always mix the heated food and check the temperature before feeding.

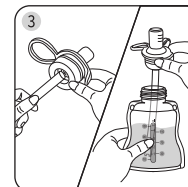

Instructions:

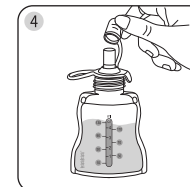

Stand the Silicone Yummy Pouch upright and pour contents into the opening.

Plug the sippy spout into the pouch opening. Now simply squeeze the pouch to feed!

For thinner purées, remove the sippy spout and insert the unnotched end of the straw up through the bottom of the X-shaped opening. Once inserted, plug the sippy spout back into the opening.

Cover the spout when not feeding.
