Product Description:

Enjoy snacks at home or out and about thanks to the Fill & Go Yummy Pouch & Flower Funnel Combo! Including two pouches plus our handy-dandy Silicone Flower Funnel and two detachable strainers to help filter those lumpier meals, this combo makes it a breeze to get ready and head out the door. Each pouch comes with a sippy spout and straw, letting your little one feed themselves at their own pace, building up those all-important independent self-feeding skills. The dedicated cleaning brush keeps the funnel stem clean and hygienic, while the pouch has a wide opening to let you quickly rinse and scrub it after use.

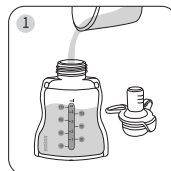

Features:

- Reusable, eco-friendly alternative to single-use plastic food pouches.
- Soft yet durable 100% food-grade silicone is gentle on little mouths.
- Leakproof lids prevent spills, with an easy-carry strap for portability.
- X-cut variable flow mouthpiece lets your baby enjoy their food at their own pace.
- Clear measurements on the side of pouch to keep track of intake.
- Each pouch includes a drinking straw for thinner purées and liquids.
- Stands upright with a wide neck for easy filling.
- Funnel is compatible with our full range of Yummy Pouches, Milk Storage Bags (sold separately), and most standard bottles and containers.
- Fun, cute and effective flower funnel has two different sized strainers for simple filtering while filling.
- Wide, large capacity funnel sits stably in container openings without spilling.
- Easy-care design with dedicated cleaning brush. Fridge, freezer, microwave and dishwasher safe.
- BPA, PVC and phthalate-free.

Cleaning and Care:

Before first use, disassemble and clean the products, then place the components in boiling water for 5 minutes. This is to ensure hygiene. After use, please wash and flush all parts thoroughly with clean water to remove any food residue, including all areas where food has passed through. Wash before and after use. Although dishwasher safe, we recommend disassembling and washing products in warm soapy water using the cleaning brush, then rinsing. Only soft bristle brushes or soft sponges should be used to clean this product, as hard scourers may scratch the surface. Do not use bleach-based cleaners or tablets to clean this product. To sterilise, use a steam steriliser or boil in water for 2-3 minutes. Brush **NOT** suitable for microwaves, sterilisers or boiling water due to stainless steel components. Other common methods of heating, cleaning, storage and use not listed in this manual may damage the product. Silicone may absorb the colours of liquids it comes in contact with. To minimise discolouring, wash immediately after use. Store product in a cool, dry place and avoid direct sunlight.

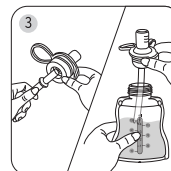

Instructions:

Stand the Silicone Yummy Pouch upright and pour contents into the opening.

Alternatively, use the funnel included to transfer ingredients. Insert the appropriate strainer into the opening of the funnel if required.

Insert the straw (unnotched end) up through the bottom of the X-cut opening of the sippy spout. Make sure the shield fits snugly against the X-cut. Then plug the sippy spout into the pouch opening.

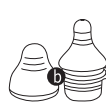

Let your little one enjoy food independently. Cover the spout when not feeding.

WARNING: CHOKING HAZARD - SMALL PARTS. Never leave components unattended.

NOTE: If using strainer with thick or fibrous foods, stir contents and clear strainer frequently.

Optional Interchangeable Attachments

Compatible with our range of Silicone Milk Storage Bag & Pouch attachments to grow with your child's needs (sold separately).

- a** Silicone Leakproof Stopper
- b** Silicone Squeeze & Feed Attachment Set
- c** Silicone Feeding Spoon Attachment
- d** Silicone Yummy Pouch Sippy Spout

Caution:

For your child's safety and health

WARNING!

- Continuous and prolonged sucking of fluids may cause tooth decay.
- Always check food temperature before feeding.
- Check product condition regularly. Throw away at the first signs of damage or weakness.
- Keep components not in use out of the reach of children.
- For your child's safety, never attach product to cords, ribbons, laces or loose parts of clothing, as it can become wrapped around their neck.
- Do not store near any sharp objects.
- This product is not a toy. Do not use this product for anything other than its intended use.
- Always use this product with adult supervision.
- Do not fill pouch beyond top measurement mark.
- Do not forcefully squeeze or shake the pouch at any time, as this may cause contents to leak.
- Always remove sippy spout, straw and lid when microwave heating.
- Take extra care when microwave heating; localised overheating can occur. Always mix the heated food and check the temperature before feeding.
- For use with breastmilk only. Not to be used for mixing formula milk.
- Straws are not suitable for children under 6 months.
