### Product Description:

Identify your baby bottles, containers, leftovers and more, easily and quickly with our Silicone Adjustable Label Holders! These handy products are made of super soft and flexible silicone and attach to themselves using silicone snap fasteners for an adjustable and secure fit. They are eco-friendly and can be reused over and over again!

This handy pack comes with paper recording cards that can be inserted into the transparent middle pocket of the label holder so that you can note down and easily read important information such as the date, time and contents of the item you are storing.

### Features:

- Easily identify your baby bottles, containers, leftovers and more!
- Conveniently fastens to itself for a secure fit.
- Comes with recording cards to note down important information e.g. dates, times and contents.
- Transparent middle pocket for easy reading of recording cards.
- Safe in microwaves, sterilisers, fridges, freezers and dishwashers.
- Made of flexible and durable food grade silicone.
- One-piece design is easy to clean.
- BPA, PVC and phthalate-free.

### Instructions:

- 1 Choose the length you want, and wrap the label holder around the container.

- 2 Press the silicone snap fasteners into the holes for a secure fit.

- 3 Fill in the recording card and insert into the transparent pocket.

### Cleaning and Care:

Clean before and after use. Remove recording cards before cleaning or sterilising. We recommend wiping clean with a damp cloth, or hand washing your label holders with warm water and rinsing thoroughly. Sterilise with any steam sterilising system or by boiling in water for 2-3 minutes. Allow to completely dry before storing or reusing. Do not forcefully stretch the labels as this can damage them.

### Caution:

Check product condition regularly. Replace if product shows any damage. Only soft bristle brushes or soft sponges should be used on this product. Hard scourers may scratch the surface. Use with adult supervision.
