Product Description:

The Haakaa Silicone Storage Basket offers a unique multifunctional storage solution for any busy individual or household! Use it to store your little one's toys, carry your groceries, hang decorative pot plants, and protect your benchtops from hot or cold dishes! Simply hang the basket onto hooks or over a secure fixture, hold by the handles as a carry bag or collapse flat to use as a mat.

Features:

- Can be used as a carry bag, storage net and temperature-resistant mat.
- Two carry handles for easy portability.
- Flexible and durable silicone stretches to hold up to 5kg.
- Temperature resistant from -20°C to 250°C – place under hot and cold dishes to protect your benchtop.
- Portable and lightweight.
- Stores flat – reducing cupboard and bag space.
- Dishwasher, microwave, and steriliser safe.
- BPA and phthalate-free.

Instructions:

Place items inside the basket. Place smaller items at the bottom to prevent them from falling out of the basket's gaps. Ensure items are placed upright and in the centre of the basket. Do not place open containers of liquid inside the basket. Pick up the handles on each side to carry it or hang over a door handle, secure fixture, hook etc.

Cleaning and Care:

Clean before first use. We recommend wiping clean with a damp cloth or hand washing your storage basket with warm water and rinsing thoroughly. To sterilise, use a steam steriliser or boil in water for 2-3 minutes. Allow to dry completely before storing or reusing. Do not forcefully stretch the basket or exceed the 5kg weight limit, which may damage the product. Carrying items weighing at or near 5kg for extended periods will age the silicone material faster.

Caution:

Check product condition regularly. Replace if product shows any damage. Only soft bristle brushes or soft sponges should be used on this product. Hard scourers may scratch the surface. This product is not a toy. Do not use this product for anything other than its intended use. Use only under adult supervision. Keep out of reach of children and pets. Basket is not leakproof – avoid placing open containers of liquid inside. When hanging from a fixture, ensure that it can withstand the weight of the filled basket.
