**Material:** 100% Food-Grade Silicone

**Dimensions:** 97x 97 x 97mm

**Colours:** Blush / Charcoal / Rust / Suva Grey

**Recommended Age:** 3 months +

### Product Description:

The Haakaa Silicone Teething Ball is the perfect tool for little ones who are starting to teethe. Its easy-to-hold shape and soft silicone frame is thin enough to fit in your baby's mouth while still providing relief. You can also chuck our Teething Ball in the freezer to provide added cooling relief to those little aching gums!

Our specially-designed Teething Ball is BPA free, FDA approved and made from pliable, food-grade silicone. Silicone is a hypoallergenic and non-porous material, making it safe for teething. The ridged design helps develop your baby's motor skills while providing safe, soothing relief from aching gums and new teeth.

### Features:

- Made of 100% food-grade silicone.
- Soft, flexible and durable.
- Easy-grip design helps develop fine motor skills.
- Raised bumps and ridges provide sensory stimulation and massage sensitive little gums.
- Helps soothe teething pain and itching gums.
- Easy care - dishwasher and microwave safe.
- BPA, PVC and phthalate-free.

### Cleaning and Care:

Clean after each use. This product can be sterilised with any steam sterilising system or by boiling in water for 2-3 minutes. Do not use bleach-based agents to clean this product.
