

Product Name: Silicone Dinky Digits Palm Teether - Wide
Material: Food-Grade Silicone
Dimensions: 102 × 16 × 87mm
Recommended Age: 3 months+

Product Description:

Made specially for younger teething babies due to its short, widened fingers, the Silicone Dinky Digits Palm Teether is the perfect way to help ease that teething discomfort. With a larger palm to go with the increased width of the fingers, this teether allows smaller babies to chew away to their heart's content without the risk of gagging. Each finger has textures to help massage sore gums and stimulate their sensory development, while the easy-grip ring allows for development of that all-important hand-eye coordination. To top it all off, this 100% food-grade silicone teether can be safely put in the fridge or freezer for that extra level of cooling relief!

Features:

- Bright colours and a fun shape capture your baby's attention.
- Varied textures massage tender gums and promote sensory development.
- Short, widened fingers for choke-free chewing and enhanced comfort.
- Easy-grip design helps foster hand-eye coordination and fine motor skills.
- Ultra-soft yet durable food-grade silicone is gentle on little mouths and hands.
- Fridge & freezer safe for added cooling relief.
- Easy-care one-piece design with no joints to harbour bacteria.
- Safe in dishwashers, boiling water and steam sterilisers.
- BPA, PVC and phthalate-free.

Cleaning and Care:

Wash before and after each use. Although dishwasher safe, we recommend hand washing this product in warm, soapy water and rinsing and drying thoroughly. Only soft bristle brushes or soft sponges should be used to clean this product as hard scourers may scratch the surface. To sterilise, use a steam steriliser or boil in water for 2-3 minutes. Do not use bleach-based agents to clean this product. Store product in a cool, dry place and avoid direct sunlight.

Vibrant, fun design captures baby's attention
