Product Description:

Soothe your little one with Haakaa's Silicone Flexi-Dummy and Holder Set! This super soft dummy is made of 100% food grade silicone, making it perfectly safe and gentle for your little one to suck on. The one-piece design features a flared shield that curves away from the nose and cheeks, allowing your little one's jaw to move around for a comfier latch as well as helping to prevent dummy rash. If your child is teething, chuck our Silicone Flexi-Dummy in the freezer to provide added cooling relief to those little aching gums!

Our dummy holder features a childproof clip to prevent your dummy from being accidentally dropped and getting lost or dirty.

Features:

- Made of soft and flexible 100% food grade silicone.
- Mimics the shape of a mother's nipple.
- One-piece design with no joints or cracks.
- Flared shield curves away from the nose and cheeks.
- Ergonomic shape that doesn't leave marks or a rash.
- Lightweight and durable.
- Safe in dishwashers, microwaves, boiling water and steam sterilisers.
- Holder prevents dummy from being dropped or lost.
- BPA, PVC and phthalate-free.
- Suitable for children 3 months +.

Cleaning and Care:

Clean after each use. This product can be sterilised with any steam sterilising system or by boiling in water for 2-3 minutes. Do not use bleach-based agents to clean this product.

Caution:

Check product condition regularly - replace if this product shows any signs of damage. Infants are to be supervised at all times. Please do not use this product for anything other than its intended use. Sterilise after any illness.
