Endless fun in the bath!

There are six fun characters to collect - unite the crew!
(Characters come in sets of two or six - each set sold separately.)

Product Name:

Alien Explorers Silicone Bath Toys

Material:

Food-Grade Silicone

Quantities:

2 pack/6 pack

Recommended Age:

12 months+

Product Description

Get ready to meet the Alien Explorers! This adorable bath set is designed to pull apart for easy draining, cleaning and drying - that means no more mould! And because they're made of soft, non-toxic food-grade silicone, each toy is safe on your baby's skin and in the water. Crew members Tympani, Nova, Jupiter, Bumble and Dux, along with their ship, the Constellation Express, are perfectly sized to let little hands spray water with a simple squeeze for endless entertainment. In the bath, the pool, at the beach or just as an everyday toy, this set is truly magical!

Meet the crew!

Here's your intrepid crew! Captain Tympani, Navigator Nova, Doctor Dux, Science Officer Bumble, and Engineer Jupiter have travelled to learn more about Earth - and they'd love your help! The rocket's launch pad and their floating expedition ships let them have fun in the water, but they can't learn more without you. Join the Alien Explorers crew and help them discover more about our world!

Title: Captain

Name: Tympani

Character Introduction

Leading the crew and making sure everything is running smoothly is Captain Tympani. While the rest of the crew have their specialist positions, the Captain is there to help them all work together, lending a hand wherever is needed.

Title: Science Officer

Name: Bumble

Character Introduction

An exploration trip around the galaxy needs someone who knows about all the different things the crew will find, and the crew's Science Officer is the expert here. Bumble especially loves water and how it works, making this trip to Earth even more interesting.

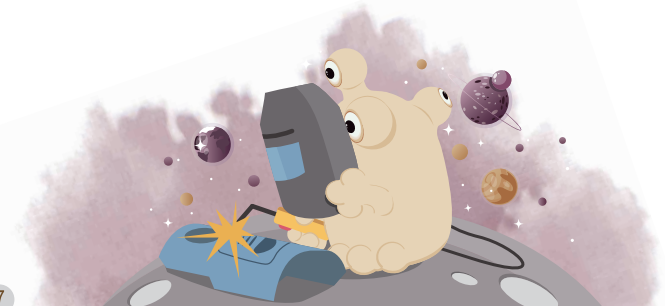

Title: Engineer

Name: Jupiter

Character Introduction

Jupiter is responsible for keeping the Constellation Express in tip-top condition. If something on the ship breaks down, Jupiter will be to the rescue! But it's not only the ship our Engineer looks after - any time anything mechanical is needed, Jupiter loves to jump in and help.

Title: Doctor

Name: Dux

Character Introduction

Doctor Dux is along to make sure the whole crew stay happy and healthy, helping with everything from making sure they take the right food along on their exploration trips to fixing up stubbed toes.

Title: Navigator

Name: Nova

Character Introduction

Nova is the Navigator of the Constellation Express. With a head full of star maps and a great sense of direction, Nova always makes sure the crew get to where they need to go.

Title: Constellation Express

Character Introduction

This is the rocket ship that has brought the Alien Explorers to Earth. Powered by three engines, this rocket lets our friends travel in comfort and style!

Instructions

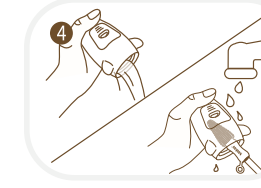

1 Push each spray toy onto its base, making sure they fit securely.

2 Ensure water is at the right temperature in the bathtub. Place toy flat on the surface, with the alien or rocket on top of the platform.

3 Squeeze 2-3 times to spray water and have fun while bathing.

4 After playing, remember to disassemble, drain any water inside, then clean, dry, and store.

NOTE: Please make sure the water spout is unobstructed before use. Do not spray in anyone's face.

Cleaning & Care

Wash after each use. Although dishwasher safe, we recommend disassembling components then hand washing with warm, soapy water and rinsing and drying thoroughly. To sterilise, use a steam steriliser or boil in water for 2-3 minutes. Do not use any bleach-based cleaners or tablets to sterilise or clean your Haakaa products. Only soft bristle brushes or soft sponges should be used to clean this product, as hard scourers may scratch the surface. Allow product to hang-dry after cleaning. Store product in a cool, dry place and avoid direct sunlight.

Wash in warm, soapy water

Hang-dry

For your child's safety and health

⚠ WARNING!

- Check product condition regularly. Throw away at the first signs of damage or weakness.
- Keep components not in use out of the reach of children and pets.
- For your child's safety, never attach product to cords, ribbons, laces or loose parts of clothing, as it can become wrapped around their neck.
- Do not store near any sharp objects.
- Do not use this product for anything other than its intended use.
- This product should ALWAYS be used ONLY under adult supervision.
- To prevent drowning, never leave your child unattended in the bath.
- Test the temperature of the water before sitting your child in the bath. Toddlers have very sensitive skin and can burn easily if the water is too hot.
