2 x Strainers - 26 x 26 x 34mm
1 x Tube Cleaning Brush - 6 x 5 x 92mm

Colours: Blush/Spring Green

Product Description:

Transfer liquids, purées, powders or cereals quickly and easily using Haakaa's adorable Silicone Flower Funnel Set! Including two different sized funnels and strainers to suit a wide variety of needs, this set lets you transfer homemade or bulk goodies without the worry of making a mess and spilling things all over the bench. Simply pop the funnel into your chosen container, attach the appropriate strainer (or leave it out if you don't need it), carefully fill the large-capacity petals, and watch it all flow through the wide stem opening with ease. Versatile, you can even flip the petals around to create a cute little snack bowl, with the stem as a handy-dandy central handle. These funnels are also a breeze to keep clean, with easy-access stems and an included cleaning brush.

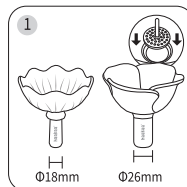

Features:

- Fun, cute and effective flower design allows easy, mess-free transfer of purées, cereals, liquids and so much more!
- Versatile – two different sized funnels and strainers to suit a range of needs.
- Wide, large capacity funnel sits stably in container openings, preventing spills.
- One-piece extended stem stays in place to direct contents quickly and smoothly.
- Made of soft and flexible 100% food-grade silicone.
- Compatible with our full range of food pouches & milk storage bags (sold separately) and most standard bottles and containers.
- Flip the petals to transform your funnel into a serving bowl for snacks.
- Compact and lightweight with a dedicated cleaning brush included – perfect for on-the-go use.
- Safe in dishwashers, sterilisers and boiling water.
- BPA, PVC and phthalate-free.

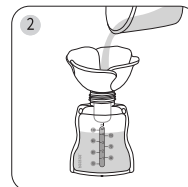

Cleaning and Care:

Wash before and after each use. Although dishwasher safe, we recommend hand washing using the included cleaning brush in warm soapy water, then rinsing and drying thoroughly. To sterilise, use a steam steriliser or boil in water for 2-3 minutes. Brush **NOT** suitable for microwaves, sterilisers or boiling water due to stainless steel components. Do not use any bleach-based cleaners or tablets to clean or sterilise your Haakaa products. Silicone may absorb the colours of liquids it comes in contact with. To minimise discolouring, wash immediately after use. Store product in a cool, dry place and avoid direct sunlight.

Instructions:

Choose the appropriate funnel and optional strainer for your purposes. Holding by the handle, insert strainer (if using) into the top of flower stem.

Always keep funnel in a balanced, stable position – do not tilt. Carefully pour chosen liquid or food into funnel body.

To remove funnel, simply hold the top and lift upwards. To remove strainer, grasp handle and carefully remove from funnel, taking care not to spill contents.

Your child can enjoy their food independently. If you need to transfer to a storage container, make sure to close lid before storing.

WARNING: CHOKING HAZARD - SMALL PARTS. Keep out of reach of children under 3 years.

NOTE: If using strainer with thick or fibrous foods, stir contents and clear strainer frequently.

Caution:

- Adult use only.
- Always check food temperature before feeding.
- Check product condition regularly. Throw away at the first signs of damage or weakness.
- Keep out of reach of children and pets when not in use.
- Do not store near any sharp objects.
- This product is not a toy. Do not use this product for anything other than its intended use.
- Ensure the funnel is in an upright position to avoid tilting/spills.
- Do not pour large quantities of liquid at once or too quickly, as this may cause the strainer to clog.
