Cleaning and Care:

Wash before and after each use. Although dishwasher safe, we recommend hand washing your moulds with warm, soapy water and rinsing thoroughly. Do not use any bleach-based cleaners or tablets to sterilise or clean your Haakaa products. To sterilise, use a steam steriliser (electric or microwave) or boil in water for 2-3 minutes.

Caution:

Check product condition regularly. Replace if this product shows any signs of damage. Avoid storing near sharp objects. Only soft bristle brushes or soft sponges should be used to clean this product, as hard scourers may scratch the surface.
