Product Description:

The Haakaa Silicone Self-Feeding Spoon Set is the perfect way to kickstart your little one's self-feeding journey! Our unique Silicone Noodle Spoon and Silicone Table Spoon designs support your child's natural feeding technique to build confidence and independence at mealtimes.

Our spoons are made of 100% food-grade silicone which is soft and safe on delicate mouths and gums. The ergonomic handles are bent to help your child scoop food in an upwards motion that is both intuitive and easy for their little hands. Additionally, our patented noodle spoon features soft silicone teeth on the spoon head to help catch more noodles than regular utensils, making a traditionally tricky meal much easier for your little one to enjoy!

Cleaning and Care:

Wash before and after each use. Although dishwasher safe, we recommend hand washing with warm, soapy water and rinsing thoroughly. Only soft bristle brushes or soft sponges should be used to clean this product, as hard scourers may scratch the surface. Do not use any bleach-based cleaners or tablets to sterilise or clean your Haakaa products. To sterilise, use a steam steriliser or boil in water for 2-3 minutes.

Caution:

For your child's safety and health
